### Badly Shaken Up.

MADRID, Jan. 2.—Shocks of an earthquake were again experienced at Alhama last night. The town is in ruins and a great panic prevails among the inhabitants of Antequera twenty-eight miles northwest of Malaga where shocks have already been felt. A number of villages have been destroyed.

### Rising Waters.

WILKESBARRE, Pa., Jan. 2.—During last night the Susquehanna rose very rapidly and this morning the water is twenty-one feet above low water mark. The ice has again gorged the Nanticoke, and a great volume of water is pouring through the low lands at the west side of the river. Railroad and other communications between here and Kingston are entirely cut off and travel to any point of Delaware by way of Lackawanna and Western railroad is impossible except by boats. Farmers living near the west banks of the river are removing cattle to safer quarters.

### A Reduction.

CHICAGO, Jan. 2.—The Michigan Central and Pennsylvania roads this morning reduced rates from Chicago to New York to \$14. The scalpers make a rate of \$13.50 via Michigan Central and \$12 via Grand Trunk and Chicago & Atlantic.

### Another Reduction.

PHILADELPHIA, Pa., Jan. 2.—A notice of reduction of from 10 to 25 per cent. in the wages of steel workers at Coakston, Ohio, has been given. Half of the workmen will strike. The employees of the Homestead Steel works, controlled by Carnegie Bros., have been notified of a reduction of 33 per cent. in the rail department, 20 per cent. in the converting mill and 10 per cent. in the laboring department. The mill will remain idle for some time.

### A Costly Blaze.

ST. LOUIS, Mo., Jan. 2.—A fire at Mexico, Missouri, yesterday destroyed \$15,000 worth of groceries and furniture belonging to Betty & Younger, and N. A. Robinson, Insurance, \$3,000.

### More Time Wanted.

NEW ORLEANS, La., Jan. 2.—Director General Burke, of the exposition, states that inside of ten days all goods now in the city intended for exhibition will be in place. All the space in the vast buildings will then be filled. All now asked is one week of sunshine, which will relieve the management of the vexations of the past few days.

### Doubts the Allegation.

ALBANY, N. Y., Jan. 2.—In answer to inquiry Governor Cleveland said that the statement that he was president of a free trade club was not true. The governor further stated that he had never been connected in any way with any such organization.

### A Brighter Outlook.

BALTIMORE, Jan. 2.—The prospects at Colton mills and vicinity are much brighter. All but one of the mills were in operation yesterday. Everybody is much cheered by the bright prospects.

J. T. Harshbarger has been appointed general superintendent of the Pittsburgh division of the Baltimore and Ohio railroad, with headquarters at Pittsburgh, and David Lee appointed master of transportation of the same division.

### To Help Him Out.

NEW YORK, Jan. 1.—The movement for raising \$100,000 to relieve the personal effects of General Grant from mortgage liabilities, has taken practical shape. Cyrus W. Field received to-day from D. B. Wesson, Springfield, Mass., a check for \$1,000 as his contribution towards the fund.

### Russell Hancock's Funeral.

St. Louis, Jan. 2.—Gen. W. S. Hancock, accompanied by Lieutenant Barber and Mr. Nicholas Gwynne, father of Mrs. Russell Hancock, arrived here this morning. The body of Russell Hancock had already arrived and was at the Southern hotel, and at 10:30 a. m. was taken to the Church of the Messiah,

Unitarian, where the ceremonies were conducted by Rev. Dr. Elliot, chancellor of Washington University. General Hancock showed very plainly the suffering he had undergone since the news of his son's death reached him. Mrs. Hancock was too sick to make the journey from New York.

### Still Fighting.

NEW YORK, Jan. 2.—The fighting for the position of corporation counsel still continues between Colonel Wood and Mr. Gascombe. Mr. or Grace is quoted as saying that he regarded the nomination of Colonel Wood illegal, and as soon as possible would appoint Lucombe or some one else counsel to the corporation.

### "Let's Talk About the Weather."

SIOUX CITY, Ia., December 31.—A blizzard, which prevailed in this section yesterday and last night, passed over to-day and was succeeded by severe cold weather, the thermometer indicating 15 degrees below zero at 2 p. m. Railroads were badly blocked, except the Sioux City & Pacific, but are being rapidly opened and trains are expected in on all lines to-night and to-morrow. The snow is packed so hard it cannot drift.

### STIFF AND COLD.

Ed. Whitmore Found Dead on a Farm in Madison Township—The Coroner Investigates.

Last evening Dr. J. M. Dineen, the coroner, was hastily summoned to Madison township where a "stiff" awaited of social disposition. The doctor went to Monroville on an evening train and drove to the farm house of Charles E. Richards, where Ed. Whitmore was found stiff and cold near a barn. The doctor made a post mortem examination and found Whitmore died from heart clot, or the accumulation of blood in the cavity of the heart. The body was found at 6 o'clock last night and Whitmore was seen alive at 10 o'clock a. m. by a farmer named Hobbs. Whitmore leaves a wife in very destitute circumstances, and was regarded as a pretty good sort of a man. He was forty years of age.

### A Serious Wreck.

Night before last Walmshe passenger train No. 44 was wrecked at Prairie switch, nine miles west of this city. Some person detached the rails of the main track from the switch holdings and then threw them aside, leaving the signal light all right. The train came along at the rate of fifty miles an hour and quicker than it takes to tell it the locomotive and tender flew the rails and smashed into three freight cars standing on a side track. The locomotive and its tank turned over and the freight cars were splintered. The separation of the air tube put the brakes on the mail, baggage and passenger coaches stopping them with such rapidity that the human freight was turned over a few times. Happily not a coach turned over and not a passenger was injured. Engineer Garrison escaped with a few bruises and his fireman, Mr. Leedy, has not a scratch. Fifty passengers were on the train. The wreck train made the run from Andrews to Roanoke, fifteen miles, in sixteen minutes, and soon had all the cars, save the baggage, ready to go on the through trip. The damage will be \$2,500.

Sheriff Nelson and Marshal Meyer were out searching for the villain who displaced the rails, yesterday. They have a description of the man and believe him to be the individual who tried to steal a horse the other night, and is charged with the theft of wheat from his brother-in-law.

### The Truismers.

The three important events in the brief race of mankind can be summed up together. Since the 27th day of last March 647 births were reported to Health Officer Metcalf. Previous to that date there was no account received. But about fifty escaped the officer's notice.

The county clerk issued 541 marriage licenses during the year and it is to be inferred from that that 1,082 hearts were made happy.

The three city undertakers put 612 people under ground last year. Some of these, my fifty, were outside the city. In the country altogether the death list exceeds 750.

### Refutes Him Innocent.

To the Editor of THE SENTINEL:

The prudential committee of the First Baptist church, of this city, consisting of twelve men, "tried and true," having made a thorough investigation of certain rumors recently set afloat reflecting upon the conduct of Brother Mason Long, as a Christian, report that they find no evidence whatever of wrong-doing on his part and firmly believe him innocent of the charge implicated.

S. A. NORTON,

Chairman and pastor of the First Baptist church.

Fort Wayne, Ind., Jan. 2, 1885.

Two Prominent Physicians of Chaska, Minn., Arrested for Body Snatching.

A Powder Mill Explodes—A Fight for Position—Give Him a Medal.

The Grant Fund Still on the Tap—The Result of a Spree—Russell Hancock's Funeral.

### They Stole a "Stiff."

ST. PAUL, Minn., Jan. 2.—Intense excitement has been created at Chaska, Carver county, Minnesota, by the arrest of Doctor Shellock, a prominent physician of that place, who is charged with body-snatching. Paul Shellock, the doctor's brother, and a fellow student at the Minneapolis college hospital, is alleged to have been overheard by Sheriff Bullock and posse and compelled to abandon the body.

### Only on a Spree.

WASHINGTON, Jan. 2.—Paymaster W. H. Smyth, who disappeared from Savannah with \$5,500 government funds, appeared at the war department to-day and voluntarily surrendered himself to the paymaster general. He turned over \$5,150 of the money carried off by him and his pay for December, \$350, and \$100 was paid for his friend, making the full amount, \$5,500. Major Smyth says he went off on a spree Christmas and knew nothing of his actions until he found himself in New York.

### Uncle Sam's Money.

WASHINGTON, Jan. 2.—The debt statement shows an increase of the public debt during December of \$641,884 and a decrease since June 30, 1884, of \$31,501,814. Cash in treasury amounts to \$452,475,178 as follows: Gold certificates, \$119,031,150; silver certificates, \$128,168,301; certificates of deposit, \$24,920,000; refunding certificates, \$200,000; legal tender, \$341,681,015; fractional currency, \$6,971,345; and available cash, \$140,811,320.

### A Powder Mill Explodes.

Xenia, Ohio, Jan. 2.—The Cornish mill, owned by the Miami Powder company, six miles from here, exploded this morning, killing John Ginn, an employee.

### Brooks and Dickson's Difficulty.

NEW YORK, December 31.—The argument upon the motion for the appointment for a receiver of the property of Brooks and Dickson, theatrical managers, was not heard to-day, owing to the fact that the parties have made a settlement. The suit is brought by Joseph Brooks for a dissolution of the co-partnership. Negotiations for the settlement followed and the result was that Randall assigned all his interest in the firm to other partners. Brooks and Dickson then made an assignment for the benefit of creditors. This puts their property in the hands of an assignee, and as that was all that Brooks was desirous of obtaining by his suit, the proceedings were discontinued and the motion for a receiver was withdrawn.

### An Evansville House.

EVANSVILLE, Ind., Dec. 31.—Fire totally destroyed Miller Bros. dry goods house to-day. Loss on the stock is from \$180,000 to \$200,000, and on the building \$12,000, the total insurance is from \$125,000 to \$130,000 on the stock, \$2,000 on the building. Chas. F. Smith, a music dealer next door, was burned out with a total loss of \$14,000; insurance \$8,500. George S. Sonntag & Co., hardware dealers, lost by fire and water about \$20,000 on the stock of about \$45,000. There is an insurance of about \$33,750. C. C. Tenney, hat and fur dealer, has a loss of \$10,000; insurance \$6,000.

### Railroad Notes.

LOUISVILLE, December 31.—C. R. Boehart, who has been the Louisville and Nashville freight agent at St. Louis, was appointed to the newly created position of superintendent of transpor-

ation. He has the movement of the trains and telegraph in charge.

Geo. F. Evans, assistant to president Jonas H. French, of L. E. and St. L. Air Line, received official notification this morning that the affairs of that road had been placed in the hands of a receiver. Mr. Evans has been appointed to assume the trust. The change was not unexpected.

### IN A QUIET WAY.

The New Year ushered in without pomp and pageant—The Fashion of "Calling" on the Wane.

The year 1884 died away Wednesday night in an oppressively quiet way. A few gun shots revived the recollections of the departed, but not a bell was tolled and it passed away unwept. The hilarity common to the birth of the new year was avoided and quiet reigned supreme. Yesterday the festivities brightened and people exchanged knightly courtesies over the glass that cheers. In the afternoon the custom of "calling" was indulged in by the younger aspirants for distinction in society, but it is very evident that the fashion of keeping "public house" is at an end. It will always be proper for friends to renew pleasant relations, but the privilege thus afforded were abused by the promiscuous callers and the result is favorable to a quiet renewal of pleasantness incident to the occasion of the first day of the new year.

### AMUSEMENTS.

#### Madame Tenth.

The play of "Camille" is unfortunate in more ways than one. Weak in many regards; bad in plot and faulty in tone, inasmuch as it makes a heroine of a courtesan and gives a certain tinge of romance to harlotry, are only part of its bad features. Every actress who attempts to star labors under the impression that "Camille" was written for her especial benefit, and hence a long-suffering public, from frequent inflictions, become stern critics.

Madame Janich is not perfect, by any means, yet her conception of Camille was the best ever seen in Fort Wayne. Her acting was execrable at first, but she soon convinced the audience that she had a more thorough conception of her part than they even dared expect. From the time she held her conversation with the elder Duval to the last act she fascinated the spectators, and yet she is contradictory in her acting. Her conception of mirth is half-jawing; her laughter is forced and harsh; her grief and sorrow are sublime. Her utterances of witicism are made in such a way that the audience fail to see anything ludicrous in it, but her expressions of sorrow are most realistic. The support was only ordinary.

#### "A BAC BABY."

The Academy was fairly crowded last evening to witness the production of this unexcelled comedy. Seldom is there as good an entertainment presented to the people of Fort Wayne, and their appreciation of this fact was shown last night by the hearty good humor which pervaded the audience. Every part contained merit and was well acted. There was nothing stale in the entire performance. The cast was an unusually large one and it is worthy of remark that there were no poor actors in it. This is something remarkable in a play of this character.

#### "MOGG'S LANDING."

This play, which appears at the Temple to-night, promises a rare treat to theater goers. It is said to abound in striking situations and to sparkle with laughable features. It comes well recommended by the press and public.

Jacob Greener, of Elmira, N. Y., claims to have a patent on soft pedals for piano fortes, and asks a royalty on every instrument made.

Mrs. John T. Hearn, of Sidney, Ohio, suffered for fifteen years with rheumatism and neuralgia. Her husband says Athlophoros helped her more than any of the numerous remedies she had tried; also that other sufferers to whom they had recommended it, have derived much benefit from it.

David Morrill, a farmer living near Carlin, Ill., fatally shot his mother Monday night, mistaking her for a dog in the darkness.

"How can Mrs. Smith wear such a handsome velvet coat?" My dear child, don't you know her husband used to pay all her money to doctors, but since he took to using Dr. Bull's Cough Syrup he gives it all to her to spend.

**STONE RIVER.**

Grand Preparations Commemorative of that Historic Battle this Friday Evening.

This evening is the twenty-second anniversary of the closing scenes of the battle of Stone River, in which so many of the veterans of Fort Wayne took part. It is also the regular meeting of Anthony Wayne post of the G. A. R., and annual meeting for the installation of the officers.

The installation will be public and Capt. Fred E. Boltz has kindly consented to read, at that time, his personal reminiscences of that bloody field, which he has had in preparation to form part of the history of his regiment. It is from such papers as this, prepared by those who took part, that history is written. The captain doubtsless will be greeted by an appreciative audience.

The "Battle of Stone River" was celebrated in minute show at the recent grand soldier's re-union held in Fort Wayne last August 22d, -23d and 24th, and the finest of the kind on record in this state.

Comrade Kensill will read an original poem on Stone River. There will also be music and dancing, a collection by the ladies and a general good time. All members of Sign S. Bass post, No. 40 G. A. R. and their families, also, all ex-soldiers and their friends are cordially invited to be present. Hall will be open to the public at 8:30 p. m.

**Fountain of Youth.**

Every year a great army of invalids visit Florida in search of health. Ponce de Leon, the famous old Spanish explorer, searched there for the supposed fountain of health, which he thought would keep everybody youthful. Better stay at home and take Brown's Iron Bitters. This helps up the debilitated, the languid and the consumptive. Mr. P. Bouknight, of Mimsop, Florida, says, "every thing failed to cure my dyspepsia. At last I tried Brown's Iron Bitters with complete success."

Five criminal prisoners were arraigned for trial before Judge O'Rourke to-day. John Wilson, the Huntertown thief, said he was guilty and Judge O'Rourke gave him one year in the penitentiary.

**The Indiana Insane Asylum on Fire.**

At 6 o'clock Wednesday evening a dangerous fire was discovered on the second floor of the state hospital for the insane where some twelve Allen county patients are confined. The fire originated in the clothes press and was of undetectable origin. No alarm was sounded, but the employees turned out in force with hand grenades and suppressed the flames. This could not be done, however, before intense excitement spread through the ward. Some of the patients refused to budge, and were carried out of the building by force. The ward was cleared of inmates, twenty-four in number, however, without injury to any of them. Some of the employees in the work of extinguishing the flames were scorched and thoroughly smoked. About \$250 worth of clothing belonging to the inmates was destroyed, and a like sum will cover the damage to the furniture and the building.

As usual Sam, Pete & Max are at the front with a novel and most liberal gift for their patrons. First, a free round trip to the New Orleans exposition is offered. Second, to every purchaser of goods amounting to \$25 during the year 1885 will be presented a splendid *Boiled Silver Plate Watch*, full hunting case and complete nickel movement. **Cure of Asthma and Spinal weakness.**

239 West 22 Street, New York, May 17, '83.

Though it may be a certificate for a physician to give a certificate in favor of a proprietary medicine still, in the cause of humanity, I venture to say a word in favor of Alcock's Porous Plasters, which I esteem the most remarkable external remedy of this century.

I have known these plasters to cure spinal weakness where the patient had been confined for months to his bed. A blacksmith of my acquaintance was severely injured in the back by the kick of a horse; four Alcock's Porous Plasters quickly relieved him of excruciating agony and cured him in a week. Another patient, suffering from neuralgia of the heart, was completely cured in four hours.

In Asthma, I know of a case where they were worn for three months and fully restored the health. In another case where a patient had sporadic cholera, nothing relieved him until he put on three of Alcock's Porous Plasters; in twelve hours all pains in his chest and stomach had disappeared. I know that these plasters applied on the pit of the stomach, are a sovereign remedy for dyspepsia and constipation.

Finally, if persons once use Alcock's Porous Plasters they will never use any other; they are so pleasant, quick and painless—nature's balmy assistant.

**SCROFULA.**

Vanderbilt's Money Couldn't Buy It.

The Acworth News and Farmer of this week says: Mrs. Elizabeth Baker, living within 3 miles of Acworth, remarked that Vanderbilt's money could not buy from her what six bottles of Swift's Specific has done for her. Her statement is as follows: For thirty-one years I have suffered almost dead from incurable disease, scrofula. For years I was unable to do anything in keeping up my domestic affairs. Last October I was induced to try Swift's Specific, and used two bottles, and was so much benefited by it that I purchased four more from Messrs. Northcutt & Johnson, which I have almost entirely relieved me. I feel like a new person, and can do all my own housework. Before I took the S. S. my life was a burden, and in this miserable condition I did not care to live. I had tried every known remedy, and my case was generally regarded as incurable. I had been treated by the best physicians to no avail. I most heartily recommend Swift's Specific to the afflicted.

Messrs. Northcutt & Johnson, merchants at Acworth, say: We know Mrs. Elizabeth Baker personally; we are familiar with her case. She is highly esteemed in this community.

**Rheumatism Twenty Years.**

I have been a sufferer from rheumatism for twenty years, at times with almost intolerable pain. I had the best medical treatment, and I sort of remedies, but without relief. Being tired of all this, and not being able to walk even with crutches, and not being able to do anything, I decided to try Swift's Specific, and it acted like a charm, and I am to-day entirely relieved. Have thrown away my crutches, and am in excellent health. I believe Swift's Specific will cure the worst cases of rheumatism.

**Communication.**

WETUMPKA, ALA., Sept. 28, 1884.—About six years ago I became afflicted with a very disagreeable skin disease, with large, dry sores and a hole nearly an inch deep, and the cancerous appearance of one of the sores made me very much alarmed. I tried all kinds of treatment, but found nothing that seemed to stop the disease. I finally decided to try S. S. on advice of a physician, and to my surprise the sores dropped from the sores and my skin smoothed and well. I consider S. S. the greatest blood medicine made, and the only thing that will cure the disease with which I was afflicted. I think my trouble was contracted while farming in the Tallapoosa river swamp. I can be found at my office in the court house at Wetumpka. You can refer to me.
